

Playworker

Level 2

What will I learn?

- How to care for and support children in taking responsibility for themselves and their own playing whilst creating a stimulating and adventurous space for children to learn and explore in their own way, following their own intent, ideas and inventions.
- How to plan for and provide an ever-changing environment that allows children to choose what and how they play.
- How to observe and monitor this play for children's development, engagement and safety, both physical and emotional.

What skills will I develop?

- Communicate sensitively using relevant language and behaviour.
- Promote diversity and inclusion in Playwork practice.
- Identify ways to remove barriers which can prevent some children and young people playing.
- Undertake reflective observations to improve own practice and the quality of the provision for children and young people.
- Contribute to play audits.
- Promote the value and benefits of play for all children and young people.
- Recognise the benefits of risk taking in play and contribute to dynamic risk-benefit assessment.
- Recognise that children and young people communicate with a range of different types of behaviour and may need Playworker support.

What will success look like?

- Understand individual children's needs and behaviours, as well as their likes and wants in playing.
- Support individual children's emerging capabilities and competences.
- Understand how to better resource the play environment so that children are provided with opportunities to engage with the elements and their senses to explore, create and change the world around them.
