

Empowering Young Minds: School Assemblies & Workshops

storyy®

About our assemblies.

At Storyy Group, we believe in educating, inspiring, and protecting young people by addressing key social issues through engaging assemblies and workshops. Our interactive sessions cover a wide range of topics, including **Knife Crime, County Lines, Drugs, Youth Exploitation, Gang Involvement, Anti-Bullying, LGBTQIA+, Sexual Health, and Mental Wellbeing.**

We aim to dispel myths, challenge harmful narratives, and provide young people with the tools to make informed, positive choices. If your school has a specific topic in mind, let us know! We can tailor our sessions to suit your needs.

Our assemblies (30–45 minutes) provide essential awareness and education on each topic, while our workshops (60 minutes) offer a more interactive and in-depth experience, particularly for those at higher risk or in need of additional support.

Knife Crime Awareness

Assembly: Understanding Knife Crime

Knife crime remains a significant concern among young people. This assembly focuses on raising awareness, addressing misconceptions, and equipping students with knowledge about the dangers of carrying a knife. We explore how knife crime impacts individuals, families, and entire communities. Students learn how to report incidents safely and access support services, ensuring they know where to turn if they ever find themselves or someone they know in danger.

Key Takeaways:

- What knife crime is and why it happens
 - The impact on individuals and communities
 - How to report incidents safely
 - Support networks available
-

Workshop: The Reality of Knife Crime

This targeted workshop is designed for young people who may be vulnerable to involvement in knife crime. Through interactive discussions and real-life case studies, we debunk myths, clarify legal implications, and explore the harsh realities of carrying a knife. The session encourages critical thinking and positive decision-making, empowering students to choose safer paths.

Key Takeaways:

- Understanding the law and consequences of carrying a knife
- Debunking common myths around self-defence
- Practical guidance on how to make positive choices
- Where to seek help and support

Drugs & Alcohol Awareness

Assembly: The Truth About Drugs

This session educates students on what drugs are, how they affect the body, and the dangers of substance abuse. We discuss why people start using drugs and the far-reaching consequences on personal health, families, and communities. Our aim is to encourage students to make informed, healthy choices rather than succumbing to peer pressure.

Key Takeaways:

- Understanding different drugs and their effects
- The dangers of substance abuse
- The impact on families and communities
- Why people start using and how to avoid it

Workshop: The Reality of Addiction

Through interactive activities, including using 'beer goggles' and exploring a drug education box, students gain a hands-on understanding of how substances affect perception and decision-making. The workshop dives deeper into addiction, peer pressure, and the psychological cycle of substance misuse. We emphasise how to break destructive patterns and seek help when needed.

Key Takeaways:

- Interactive experience with drug simulation tools
- Understanding addiction and breaking the cycle
- The influence of peer pressure and how to resist it
- Resources and support for those struggling with substance use

County Lines & Drug Running

Assembly: What Is County Lines?

County Lines is a growing issue where young people are manipulated into transporting drugs for organised crime groups. This assembly raises awareness of how these gangs operate, how they exploit vulnerable individuals, and the serious legal and personal consequences of involvement. We also teach students how to recognise warning signs and seek help.

Key Takeaways:

- Understanding what County Lines is
 - Recognising gang tactics and exploitation
 - The dangers and legal risks of involvement
 - Where to find help and support
-

Workshop: Breaking the Cycle of Exploitation

This interactive workshop goes beyond awareness and focuses on practical strategies to prevent exploitation. Students participate in real-life scenarios and discussions about gang recruitment tactics, peer pressure, and how to escape dangerous situations. We also explore the emotional and social factors that drive young people into these activities.

Key Takeaways:

- How criminal gangs manipulate and recruit young people
- Debunking myths about gang life
- Legal consequences and personal risks
- Accessing help and alternative pathways

Mental Wellbeing

Assembly: Building Positive Wellbeing

This session focuses on helping students understand their emotions, recognise barriers to mental health, and develop positive habits for wellbeing. We explore how lifestyle choices impact mental health and introduce the 'Managing Me' framework for self-care and resilience.

Key Takeaways:

- Overcoming barriers to mental wellbeing
- Recognising and managing emotions
- How to build happiness and resilience
- Practical self-care strategies

Workshop: Managing Emotions & Mental Health

This interactive workshop helps students understand emotional triggers and how different emotions influence behaviour. We provide practical tools for managing emotions in a healthy way, recognising stress factors, and building resilience to life's challenges.

Key Takeaways:

- Understanding emotional triggers and responses
- How to manage emotions effectively
- Identifying personal stresses and coping strategies
- Encouraging emotional intelligence and self-care

Anti-Bullying

Assembly: Understanding Bullying

This assembly helps students identify different forms of bullying, understand its long-term effects, and learn how to take a stand against it. By promoting empathy, respect, and inclusivity, we encourage young people to become advocates for a safe and supportive school environment.

Key Takeaways:

- Recognising bullying and its impact
- Promoting empathy and kindness
- How to prevent bullying in schools
- Encouraging students to speak out

Workshop: Combating Bullying (Coming Soon!)

Cyber-Bullying

Assembly: Cyber-Bullying Awareness

In today's digital world, online harassment is a growing concern. This assembly explores how cyber-bullying happens, its emotional and psychological effects, and how young people can protect themselves online. We also discuss the legal implications and encourage students to be responsible digital citizens.

Key Takeaways:

- Understanding cyber-bullying and its consequences
 - How to stay safe online
 - Encouraging respect in digital spaces
 - How to seek help and report abuse
-

Workshop: Tackling Cyber Bullying (Coming Soon!)
